“Be careful for nothing; but in every thing by prayer and supplication let your requests be made known unto God. . . .

Dear faithful in Christ

Thank you all for your Prayers and support.

I thank the Lord for allowing me to travel more these past few months for a lot less money. I went to Columbia University in SC, Miami University OH, Wright State University in OH, Sinclair Community College of OH, University of Dayton OH, University of Cincinnati OH,

University of Louisville KY, University of Western Kentucky, University of Albany NY, Utica College, and Mohawk Valley Community College in upstate New York. I also traveled to preached and witnessed in Tennessee, Alabama, Georgia and South Carolina as well.

One of the days that I was at Miami University, they had a special event going on for children. Some local brethren were able to go with me which was a real blessing for me and them.

There were tables set up with students behind them handing out literature and other things for the visitors. I noticed there were some empty tables there as well. I figured they must have left it there just for us. I stepped behind the one and made a tract table out of it. People came up asking what we had and we gladly told them. No one

noticed and it didn't take long to run out of tracts. Praise God!

While witnessing to a student at Sinclair Community College, I found out he was a believer. He told me he used to be a drunkard before the Lord saved him. His name is, Tyler Beaver. Tyler was encouraged by my witness and said he wanted to start a ministry on the campus. Praise God!

The University of Louisville KY, is a great campus because there a lot of students in a condensed area. Unfortunately they require a seven day advance notice and permit, which I am against. Besides that they had a lot of other hoops to jump through. I just discreetly passed out a good number of tracts and witnessed one on one in different areas that day. I get rather discouraged when attending these types of closed off universities.

Thanks be to God who knows how to cheer the hearts of his

preachers for after this I traveled to the University of Western Kentucky where the whole campus was free speech. What a wonderful day we had. I was able to gather a group that really carefully listened and thanked me at the end. They appreciated that I knew the Bible so well and had an answer for them which others could not answer before. They also mentioned that there were others who have come before who appeared as if they were glad that people were headed to hell. I told them, "Sadly, sometimes people try to gather a big crowd at the risk of the listeners even though they probably meant well." Thankfully, I've learned from others and my own mistakes from the past.

One brother gave me his free air miles which I was able to use to travel up to NY. While I was there, I visited Utica College. The students were in summer school and it was pretty thinned out. I witnessed to a student named Kayla who was working in an office. She was very open and listened politely as I shared to her the Gospel of salvation. Please pray for her to be saved.

I have taken the same church out to the Americade for the past 5 years and this year I able to take a different one, Olde Liberty Baptist Church. I believe this makes my 7th year in a row of preaching to the largest motorcycle event in the state of New York. We had plenty of liberty there and several of us had some great witnesses that touched our hearts. I was able to meet and talk to the Sheriff as I shared to him our witness for Christ. Amen!

Here is the latest scoop on what is going on with our Motor home. They still do not have all the parts in. We are at a loss as what to do but wait. Gulfstream mailed the wrong parts after over 3 months of waiting. The shop reordered the parts and they sent the same wrong part the second time. Each time they have to make the parts from

scratch because there are no parts in storage, they make them as they go. Please keep praying for this matter. We are making all these payments while it sits there and I can't sell it until it is fixed. It has been 6 months since the wreck.

Josiah celebrated his first birthday on April 2nd.

He is now walking and running everywhere and gets into everything! He brings us so much joy each day.

Please pray for the seed sown, souls saved and encouraged, our finances, the selling of our truck, fixing of our motor home, and our travels to minister ahead.

God bless you all,

The Davis Family
